

### Career Advisers Message

#### Excitement in the air

What an exciting time of the year it is. As the decision making process for many of you draws to a climax, your options are growing and growing. Check this issue out closely as it is packed with goodies!

### Career Hotspot...Metallurgical Technician

Metallurgical technicians test materials as part of mineral processing and metal refining, or for research purposes, and provide technical support to metallurgical engineers.

#### Personal Requirements:

- enjoy technical and engineering activities
- analytical skills
- enjoy mathematics and science
- good hand-eye coordination
- aptitude for working with computers

#### Education and Training:

To become a Chemical Engineer you usually have to study a chemical engineering degree at university. To get into the courses below you usually need to gain your HSC/ACT Year 12.

Prerequisite subjects: or assumed knowledge, in one or more of chemistry, mathematics and physics are normally required. The various universities have different prerequisites and some have flexible entry requirements. Contact the universities you are interested in for more information as requirements may change.

### Employment Opportunities:

Major employing industries include manufacturers of iron and steel basic products, organic industrial chemicals, the minerals industry and petroleum refiners. There is also scope for chemical engineers to move into related areas including biotechnology, food engineering and mineral engineering. For any further information please phone 1300366613 or visit [www.engineersaustralia.org.au](http://www.engineersaustralia.org.au) [www.engineeryourcareer.org.au](http://www.engineeryourcareer.org.au)

## Jobs of the Future

### Waste Management Consultant

Waste is a major problem on our planet and the overflowing landfills need to be dealt with.

Consultants will be needed, with backgrounds in biology and chemistry to bring new ideas on how to break down and eliminate the tons of refuse currently clogging waterways as well as landfills. The need is getting greater with every passing year.

THE UNIVERSITY OF  
NOTRE DAME  
AUSTRALIA

It's a great time to visit Notre Dame for Year 10 students.

With School leavers focusing on exams and a short break, we would like to invite you to book a group campus tour of our Broadway site for your Year 10 students.

If you would like to organise a campus tour or a more extensive program with workshop or lectures, please don't hesitate to contact the Prospective Students team at [sydney@nd.edu.au](mailto:sydney@nd.edu.au) or on 8204 4404.

## Elite Athletes and Performers

THE UNIVERSITY OF  
NEW SOUTH WALES

The EAP Program awards up to five bonus points to students who have excelled in areas of sport, academia, performance, leadership, and/or music at a national or international level. Activities and/or commitments must have been undertaken in Years 11 and 12.

- Elite athletes will have participated in sport at the level of national or international competition.

- Elite performers (including leaders) will have participated in significant national or international productions, competitions or events. An elite performer is a student who has demonstrated excellence through performing arts, scholastic achievement or leadership on a national or international level.

For entry to UNSW in 2013, the 2013 Elite Athletes and Performers Bonus Points Table provides a guide to the bonus points available under the program.

### Apply Now

All Elite Athletes and Performers applicants must complete the online application form, ensuring that certified documentation is attached or emailed to [eap@unsw.edu.au](mailto:eap@unsw.edu.au) by the closing date – **Friday 30th November 2012.**

Please click here to submit your application.

**OPEN DAY**  
**17<sup>th</sup> November 2012**

Open Day is an opportunity to meet our teachers, students and graduates, ask questions and find out more about the course structure, application process, Vet Fee-Help, timetables, school's philosophy and daily life.

At the beginning of the session you will also have a chance to see a sample of recent short dramas and documentaries produced by SFS students.

Sydney Film School is renowned for its thorough and comprehensive hands-on film program. The classes in both drama and documentary production cover all essential aspects of filmmaking: from Pre-production (research, script writing, pitching, casting, production management, design etc.) to production (crewing, working with actors, lighting, filming, recording etc.) and Post-production (editing, music, sound mixing, copyright, distribution etc.).

The SFS community is global, with students from 42 different countries attending the school since 2004. More than 120 quality documentaries, dramas and individual thesis films, exploring all manner of cinematic forms are being produced each year, dozens of them participating at prestigious local and international festivals.

The UNSW Preparation Program (UPP 17-20) is one of the key alternative entry pathways for undergraduate study at UNSW for students aged 17-20.

The preparation program is for entry to the UNSW programs listed below only. It is designed for students with potential and an interest in tertiary education but who have suffered educational and/or social disadvantage and/or do not possess the required assumed knowledge to gain entry into their preferred program at UNSW. It provides an opportunity for students with a selection rank\* that is below 80, who do not meet the entry requirements of their preferred program at UNSW, and who meet the admission criteria listed earlier. There are four streams in this program that enable entry to the following faculties:

**Arts and Social Science, Engineering, Science and the Australian School of Business.**

**\*A selection rank is an ATAR or equivalent that includes any bonus points.**

The program has been designed to assess students' academic potential and to provide a realistic and supportive environment within which the skills to manage university study can be developed effectively. Students enrol in a combination of academic skills courses, mathematical skills courses and relevant discipline-based courses depending upon their choice of stream.

#### **Admission to UNSW undergraduate degrees**

After successful completion of the program, students may apply for entry to the following degrees at UNSW, including dual degrees where applicable:

<u><b>FACULTY</b></u>	<u><b>Undergraduate Degree</b></u>
<b>Arts &amp; Social Sciences</b>	<b>All Degrees *</b>
<b>Business</b>	<b>Bachelor of Commerce*</b>
<b>Science</b>	<b>Bachelor of Science</b>
<b>Engineering</b>	<b>Bachelor of Engineering* (Flexible first year)</b>

\*Specific WAM requirements apply for some degree programs. The information is provided in the stream outlines.

**For further information please visit:**

[www.unsw.edu.au/up17-20](http://www.unsw.edu.au/up17-20)

**Applications open online December 1<sup>st</sup> 2012**

TRAIN, GET  
CERTIFIED  
AND TEACH.  
ALL IN ONE  
SEASON

Education Adventures have released a limited number of places on their [Ski & Snowboard Instructor Internship Programs](#) for the 2013/14 winter season in Canada.

The Program is offered in conjunction with top ski resorts (such as Revelstoke, Big White and Lake Louise) and is very popular with school leavers because it provides an opportunity to obtain paid employment at a top Resort, and complete an internationally recognised ski or snowboard instructing qualification.

**11 internship places have been released for Ski Schools in Canada.**

**Programs start November 2013**

**EA are looking for students who:**

- Have a passion for skiing or snowboarding (Low level intermediate to advanced ability welcome)
- Have a willingness to learn through training and working
- Have an interest in travel and adventure  
Are available between December 2013 and April 2014
- Have the financial support to participate (the all inclusive program costs start at approx \$5900)

#### **Limited employment positions available in 2013:**

Due to limited instructor employment positions and increasing popularity, it is very important that students apply early. Many miss out each season.

**How to apply: contact EA by emailing [sstraining@educatingadventures.com](mailto:sstraining@educatingadventures.com).**

This will also give you access to their online instructor starter kit which includes really handy (and FREE!) information, tips and advice on taking a winter season and entering the ski industry.
