

Career Advisers Message

Incredible choice

My reaction at reading this issue of Career News was "What a fantastic country we live in!" The choices and opportunities available to you are growing every year. Be an active participant.... Go and explore your options and be excited about your future careers!

Career Hotspot...Toxicologist

Toxicologists study the harmful effects of chemicals on living organisms by examining the symptoms, mechanisms, treatments and detection of biological poisoning, especially the poisoning of people.

Personal Requirements:

- enjoy and have aptitude for science and research
- able to think logically and analytically
- able to carry out detailed and accurate work
- good communication skills
- able to think creatively and solve problems
- able to work as part of a team

Education and Training:

To become a toxicologist you usually have to study science at university with a major in toxicology and to get into the courses below you usually need to gain your HSC/ACT Year 12. Prerequisite subjects, or assumed knowledge, in one or more of mathematics, physics, chemistry, biology and earth and environmental science are normally required. Various

universities have different prerequisites and some have flexible entry requirements. Courses are also offered by distance education. Check for full details with the University of your Choice.

Employment Opportunities:

Toxicologists are employed across several industries including the pharmaceutical, food and chemical industries, scientific research, government regulatory agencies and other research organisations and health services. They are also employed in hospitals and educational institutions. For any additional information please phone (03)94163833 or visit www.ascept.org www.apesma.com.au

THE UNIVERSITY OF
SYDNEY

Did you know that the University of Sydney gives out over \$65 million in

scholarships each year? That's \$65 million for over 700 scholarship schemes (not including prizes or college and sporting scholarships). To maximise your students' chances of receiving a scholarship, we are hosting a Scholarships Information Evening for year 11 and 12 students.

Date: Tuesday 19 June 2012

Time: 6 – 7.45pm

Venue: Eastern Avenue Foyer, Camperdown campus

RSVP: Register on the event website

Please note: Registrations open Tuesday 29 May at 9am. The Scholarships Office will be sharing insider hints and tips on completing a University of Sydney scholarship application. Attendees will also hear from a Sydney student about how they got a scholarship and how it has helped them succeed.

If you have any questions, please don't hesitate to contact us on 1300 362 006 or email future.students@sydney.edu.au

Want to Ace the HSC this year?

We are the number one provider of HSC resources and events in NSW. No other organisation can match our expertise and

experience. Visit our website to see why this is the only HSC program fully endorsed and supported by the following Universities.

University of Wollongong
University of Technology
Sydney
Macquarie University

Lectures and workshops held in five different university campuses, including:

UTS Broadway, UTS Kuring-Gai, Macquarie University, UOW Wollongong and UOW Sutherland Shire.

Instant access to over 200 Band 6 student resources. Download subject notes, sample essays, worked solutions, reports from senior HSC Markers and so much more.

July HSC Trial preparation lectures, presented by Senior HSC teachers / markers.

Subjects include;

English Advanced / English Standard / Mathematics
General Mathematics / Business Studies / PDHPE /
Biology / Physics / Chemistry / Legal Studies /
Modern and Ancient History / Studies of Religion

DISCLAIMER

We remind you of the necessity to confirm details with each institution, particularly if the information is additional to that provided in the UAC guide

THE BigPicture PROGRAM

Do you know any Year 10 or 11 students with the makings of future leaders in society?

The Big Picture Program, an initiative of [Warrane College UNSW](#), is designed to give Year 10 and 11 students an “inside look” into university life and the world of professional work. The program will give them the opportunity to learn about work and success in different careers – straight from the lips of some of Australia’s top professionals.

We are encouraging to apply those students who show the potential and motivation to become people of influence in politics, business, academia, etc.

Beyond equipping them to make wise career decisions, the program aims to cultivate in young men an awareness of the bigger picture, extending to an understanding and sense of responsibility for society and their relationships with family and friends. We would like to see talented young men develop into well-rounded individuals – men of character who will make a lasting impact on society.

The Big Picture Program will run over six months, beginning with a residential conference at Warrane College from the 8th to 12th of July, 2012. Follow up seminars will be run one afternoon each month for the remainder of the year.

For more information regarding the program, including details regarding how to apply, students should visit:

www.thebigpictureprogram.org

 WARRANE COLLEGE
THE UNIVERSITY OF NEW SOUTH WALES

HONEYWELL ENGINEERING SUMMER SCHOOL

2 – 7 DECEMBER 2012

The Honeywell Engineering Summer School (HESS) takes place in December each year and brings together 100 Year 11 students who are interested in pursuing engineering as a career. In past years students have come from all over NSW and the ACT, including regional and city centres such as Broken Hill, Tumbarumba and Inverell.

Throughout the week-long program, students are introduced to five universities, including University of Sydney (host University), University of Western Sydney, University of Technology, Sydney, University of New South Wales, and University of Wollongong. The students are also taken behind the scenes of some major engineering companies and projects to see engineers at work.

HESS is a great experience full of practical engineering activities, a careers evening, and other evening social programs. The HESS students are mentored by students from the host university and accommodated at Dunmore Lang College (DLC), Macquarie Park.

HESS is an initiative supported by Engineers Australia - Sydney Division, Honeywell, NSW Engineering Universities and participating Rotary Districts.

The 2012 Honeywell Engineering Summer School is being held 2-7 December.

For more information please contact Aimee Najdovski on 02 9410 5613 or

sydschool@engineersaustralia.org.au or
www.engineersaustralia.org.au/hess

The Mission Australia Indigenous Youth Career Pathways Program is currently looking to employ School-based Trainees in Certificate II in Business Services at their Employment Solutions offices around Sydney.

Mission Australia has secured the Indigenous Youth Career Pathways Program. This program involves working with Aboriginal and Torres Strait Islanders in Year 10, 11, 12 and assisting students into employment and further education.

IYCP incorporates school with paid employment and training. This will provide students with pathways post school and increase their employment opportunities. A School-based Traineeship will require students to attend one day a week at work, one day of formal training and the remaining 3 days at school working towards their HSC.

Business Services Traineeship

Basic duties:

- Reception duties
- Answering incoming calls
- Make appointment reminders
- Update client information
- Photocopying
- Filing
- Handle incoming and out-mail
- other general duties

Mission Australia has Business Services opportunities at the following sites:

Cabramatta x 1 position
Merrylands x 2 positions
Surry Hills x 1 position

All positions are accessible via public transport and walking distance to the workplace.

For more information please contact Takui at Mission Australia Campbelltown on 02 46263833.

Ski & Snowboard Instructor Internship Programs

In conjunction with top ski resorts around the World.

This program is popular with school leavers because it provides an opportunity to obtain paid employment at a top resort, whilst completing an internationally recognised ski or snowboard instructing qualification.

Below is an update on available positions starting late November 2012.

- 6 new Snowboard positions in Banff Canada (previously full)
- Only 11 Ski Positions remaining in Canada! (Banff & Big White Ski Schools)
- 4 Places left at Minakami Ski School, Japan
- 5 Places left at Northstar Ski School, Lake Tahoe USA

Interested Students: Please contact EA directly for access to EA's [online instructor starter kit](#) by emailing us at ssstraining@educatingadventures.com

Successful applicants will receive:

- A GUARANTEED offer of employment as a Ski or Snowboard Instructor which includes a uniform, a full season pass and discount deals
- Early season orientation, instructor training and an accommodation package – EA get everything sorted so all you have to do is ski or ride!
- International instructor association membership and level one ski or snowboard examination
- Training, support and further qualifications throughout the season
- Assistance and support with obtaining working holiday visas, flights and insurances (in partnership with STA Travel)

We are looking for school leavers who:

- * Have a passion for skiing or snowboarding (low level intermediate to advanced ability welcome)
- * Have a willingness to learn through training and working

- * Have an interest in travel and adventure
- * Are available between December and April
- * Will be 18 years of age by November
- * Are looking for a life changing experience
- * Have the financial support to participate (the all inclusive program costs start at approx AU\$5950)

Last Chance Discount - Before the end of May! Students who sign up before the end of May this year will receive a **US\$500** discount on any of EA's 2012/13 courses!

Interested Students: Please contact EA directly for access to our online instructor starter kit by emailing us at ssstraining@educatingadventures.com

This will give them some really handy (and FREE!) information, tips and advice on taking a winter season and entering the ski industry.

If you would like any further information please contact:
